Subject: BaP PowerPoint presentation

Hi Vince,

Do you have a copy of the ppt with the figure that Kathleen is using in her dermal slope factor sheets for BaP? We will have the contractor insert it to scale. See below....

Thanks -- Vicki

Hi Vicki, that would be fine with me. If we do send the BaP materials for tech edit, we should get the ppt file from Vince for the image he created (the conceptual diagram) since some of the spacing looked a little off to Sue and I when we were prepping it for the October meeting. Seems like the tech editors could polish it up a bit.

-K

Subject: Technical edit for your documents?

Hi Keith, Janice and Kathleen -- I just wanted to touch base with you to see about getting your documents through a technical edit (if needed). It would be good to check of the formatting and other things since these will be going out to the public. The SRC TO for IRIS is currently being put in place but there are other vehicles that we can use. Just let me know.

Thanks
Vicki
